CAMP SITE RESERVATION SYSTEM

What is it about?

The Camp Site Reservation System offers you the opportunity to reserve a camp site at selected state parks throughout Illinois. Sites may be reserved from May 1st through October 31st. A site may be reserved for a maximum of 14 nights.

A reservation and fee must be received at the park seven days in advance of the camping date to insure the reservation. A specific site may be reserved if it is located in the reserved campground. The reservation will be held until 10 P.M. A reserved camp site must be vacated by 3 p.m. on the last day of the reservation period.

What is the cost?

The fee for a reservation is $3.00 for each camp site reserved. This fee must be received at the park seven days in advance. This fee is not refundable unless the campground is closed by the Department of Conservation. The $3.00 fee is in addition to the regular camping fee.

How do I reserve a site?

To reserve a Camp Site, you must:

1. Complete the Camp Site reservation form in this brochure.

2. Send a $3.00 reservation fee. Make check payable to the Department of Conservation, (site name).

Send the reservation form and the reservation fee directly to the area in which you wish to reserve a site.
